Illinois Institute of Technology, Chicago, IL

B.S. Computer Engineering, GPA 3.86

May 2025

SKILLS

Programming Languages: JavaScript, C#, HTML/CSS, SQL, Java, Python

Frameworks: React, Next.js, Vue.js, Nuxt

Technologies: Firebase, Unity, GitHub, Node.js, MongoDB, Express.js, MySQL

EXPERIENCE

Computer Science Teaching Assistant

Illinois Institute of Technology, Chicago, IL

January 2024 - December 2024

- Collaborated with other teaching assistants in helping students to understand assignments and prepare for exams, taking students from confused and overwhelmed to learning content and passing exams
- Taught fundamental computer science concepts, the C language and debugging, to help prepare students for upcoming lectures and labs
- Created handouts for quick reference when working on labs, leading to students finding answers and solving labs

Online Grocery Pickup Associate

Walmart, Bourbonnais, IL

June 2023 - August 2023

- Collected customer orders from the online shopping portal and distributed orders to customers' cars
- Trained new associates how to use equipment for online grocery orders

Junior Web Developer

Block Bins, Chicago, IL (Remote)

June 2021 - August 2023

- Developed a new website from scratch along with the CEO and initially a few interns, using modern web frameworks
- Maintained and adapted code based on user feature requests and code reviews
